

GOLDEN BUTTERFLIES

CHILDREN'S PALLIATIVE CARE FOUNDATION

Regd No. 18/2018

GB GUP-SHUP 1 MAY 2020

We did not hit the snooze button during lock down time - GB Project and Documentation Formats went through meticulous fine-tuning and were polished to perfect. Many thanks to Phebe, who launched project "With Luv- GB", writing letters to our children and Nithya Thomas conducted an intense online training for our counsellors.

We also sent out our first activity video for the child-patients, yay to Sharmila! – we are waiting for feedback before sending the rest of the videos so lovingly put together by you.

Our WINGS have been soaking up the wonderful knowledge that various webinars on art, counselling, Palliative Care have been offering. You sign up, show up and you rock!! Good going, WINGS!

Stella, Rama and Sharmila are holding fort on the tele counselling front, catering to the patients of SRMC and KKCTH, letting nothing come in the way of our support for the patients. Our Covid-19 relief efforts provided groceries and transport for 30 families.
